

Traffic Light final project

Layers of project

- 1)APP: in this layer I discuss the application commands calling function from the bottom layers as we see next.
 - 2)HAL: in this layer I discuss the hardware interfacing commands using the bottom layers.
 - 3)MCAL in this layer I discuss the microcontroller layer.
 - 4)LIB in this layer I discuss the library's that are used by all layers.
-

I will make a 4videos

- 1)first video will discuss the MCAL layer and the used driver in the project
- 2)second will discuss HAL
- 3)third will discuss LIB
- 4)third video will discuss appS
